Forgotten Books, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Excerpt from Harbison s California Adjustable Comb Hive: Patented by J. S. Harbison, January 4, 1859 A These are some of the principle advantages which are peculiar to this hive, and which we think ren ders it worthy of the notice of all bee-keepers. We think the facts in the case will justify us in assum ing.that it combines more real practical advantages than any other hive which we have had the plea sure of examining, (and would just say here, we have but recently made a careful examination of every model in the patent office, whether patented or rejected, and therefore have a knowledge of all the varied forms and combinations which have been presented to the public.)
