

## 101 Lessons from Enterprise Architecture: A Succinct Collection of Useful Tips and Guidelines (Paperback)

---

By Roger Evernden

Createspace, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.This is a book for enterprise architects and anyone interested in the design of our digital future. It explains 101 clear and simple lessons that the author learned from the practical use of enterprise architecture techniques. These are the common-sense things that you learn from long-years of experience. But they are also the sort of things that can easily get overlooked or forgotten. The 101 topics provide insights and lessons into the way that enterprise architects actually think about architectures, and how they help enterprise change and transformation. It covers many of the fundamental techniques - from ways of working, to how value depends more on dynamic elements than static ones, to open-ended design, and the nature of logic. Each insight uses a two-page format - with a brief explanation and an illustration highlighting the key points in a whimsical or diagrammatic way. There are quotes, such as the one from Einstein about computers being fast and stupid, while humans are slow and brilliant. There are guidelines and recommendations, such as playing with elements in diagram to organize them in a way that...
