

The Art of Investing: Technical Analysis (Paperback)

Filesize: 2.21 MB

Reviews

I just started looking over this ebook. It is actually rally fascinating throgh reading period of time. You wont really feel monotony at anytime of your time (that's what catalogues are for about when you request me).

(Miss Naomie Kohler PhD)

THE ART OF INVESTING: TECHNICAL ANALYSIS (PAPERBACK)

Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Technical Analysis represents the trend of the market (a stock or a group of stocks) graphically. If more investors are in the market, a stock or a group of stocks, its trend is up until it changes. We divide the trends into short-term, intermediate-term and long-term. The chartists usually do not consider fundamentals as they believe they have already been priced in the stock price and some fundamentals are not available to the public. To illustrate, a new drug has been discovered, the stock price of the company jumps initially by insiders and the informed. Its fundamental metrics do not show right away but many are buying to boost up the stock price. Last Update: 11/2016 Size: 60 pages (6*9).
