Brand New Book ***** Print on Demand *****.Excerpt from Analytic Geometry for Colleges, Universities, and Technical Schools This text-book is designed for Colleges, Universities, and Technical Schools. The aim of the author has been to prepare a work for beginners, and at the same time to make it sufficiently comprehensive for the requirements of the usual undergraduate course. For the methods of development of the various principles he has drawn largely upon his experience in the class-room. In the preparation of the work all authors, home and foreign, whose works were available, have been freely consulted. In the first few chapters elementary examples follow the discussion of each principle. In the subsequent chapters sets of examples appear at intervals throughout each chapter, and are so arranged as to partake both of the nature of a review and an extension of the preceding principles. At the end of each chapter general examples, involving a more extended application of the principles deduced, are placed for the benefit of those who may desire a higher course in the subject. The author takes pleasure in calling attention to...

Reviews

Good e-book and helpful one. It can be written in basic phrases rather than confusing. I realized this ebook from my i and dad recommended this book to find out.

A top quality ebook and the typeface used was interesting to read through. It is really intriguing through reading through period. You won't feel monotony at anytime of the time (that's what catalogues are for relating to when you ask me).
