

5 Inches: The Diary of a Very Small Penis (Paperback)

By Ivan Small

Createspace, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. They say size doesn't matter, but that's nonsense: Size matters! In this little book, the author tells his own very personal story about what it is like to be smaller than average in the manhood department, and describes how he's been humiliated and ridiculed and how, over the years, his manhood has caused him considerably stress and deep emotional anxiety. He also looks at how his smaller than average manhood has affected how he feels about himself, his sex life and how he interacts with others, especially women. In places sad, but often humorous too and sprinkled with interesting facts, figures and personal observations, there are no anxiety solutions in this book, just a personal journey to be shared with others with the same physicality. A must read for any man who considers himself inadequate.
