ENHANCING DISASTER AND EMERGENCY PREPAREDNESS, RESPONSE, AND RECOVERY THROUGH EVALUATION: NEW DIRECTIONS FOR EVALUATION: SUMMER 2010

John Wiley and Sons Ltd. Paperback. Book Condition: new. BRAND NEW, Enhancing Disaster and Emergency Preparedness, Response, and Recovery Through Evaluation: New Directions for Evaluation: Summer 2010, EV (Evaluation), Liesel Ashley Ritchie, Wayne MacDonald, The first principle of humanitarian assistance is "do no harm." The second might be, "do better!" Enter the evaluation of emergency and disaster management. This issue consolidates reflections from evaluation practices in disaster and emergency management. A number of important themes are addressed: * systemic assessment of needs * interagency coordination * evaluation of responses in real time * evaluation in international and national jurisdictions Chapters discuss where the evaluation of humanitarian practice and emergency and disaster management currently stands, and where it should be going. Our humanitarian impulse, as in the aftermaths of the Rwandan genocide, Hurricane Katrina, the Indian Ocean tsunami, and the January 2010 earthquake in Haiti, is an enduring quality. The route from donor to affected population is long and varied. When sudden, unprecedented needs are juxtaposed with exceptional levels of charitable responses, the question is whether the responses were good enough. Did supply meet demand? Was it the right thing? Was it done well? Who received support? Was it appropriate? Was the timing right? Can it be improved? All are questions for evaluation. For populations traumatized by disaster, the answers have consequences for protection, for restoration of individual and community efficacy, and ultimately for hope and dignity. This is the 126th volume of the volume of the Jossey-Bass quarterly report series New Directions for Evaluation, an official publication of the American Evaluation Association.
