*The publication is simple in go through preferable to fully grasp. I am quite late in start reading this one, but better then never. It is extremely difficult to leave it before concluding, once you begin to read the book.*

Commonwealth Secretariat. Paperback. Book Condition: new. BRAND NEW, Gender Mainstreaming in the Public Service: A Reference Manual for Governments and Other Stakeholders, Commonwealth Secretariat, This is one of the sectoral guides that are part of the Gender Management System (GMS) resource kit, a series of publications presenting GMS. GMS is an innovative system developed by the Commonwealth Secretariat for gender mainstreaming. The system is a comprehensive network of structures, mechanisms and processes for bringing a gender perspective to bear on all government policies, plans, programmes and projects. The kit consists of a handbook which presents the GMS in detail; sectoral guides to gender mainstreaming in specific sectors; and resource documents to assist the user in gender analysis, monitoring, evaluation and other aspects of gender mainstreaming. Each sectoral guide also has a corresponding Quick Guide - a short, user-friendly publication presenting the essential points. It is designed for policy-makers, planners, field staff and other government personnel involved in gender mainstreaming, as well as for academic users, NGOs, the private sector and others who have a stake in advancing gender equality and equity. This guide deals with how to mainstream gender issues in the public service. It includes: an examination of the structures and functions of public service personnel management in the context of public service reform; an examination of gender-related policy issues in personnel management; guidelines on gender analysis; and proposals for policy interventions to advance gender equality and equity in the public service.
