Monthly News From the U.S. Bureau of the Census AUG02 1395 DOCUMENTS COLLECTION U.S Depository Copy Computer Use Growing But How Widespread Is Access? third of America s 100 million computer users were 17 years old or younger. For an up-to-date report on America s experiences in the Information Age, the Census Bureau has extensive statistics on computer access and use, released on the Internet and in a paper printout. The tables are based on the October 1993 Current Population Survey. The Internet release shows the questions on which the tabulations are based. Tables deal with computer access and use by age, sex, race, Hispanic origin, family income, employment status, education, and household type and size. Especially useful are the tables showing the way people in many occupations and industries use...
