paperback. Book Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Pages Number: 289 Publisher: China Electric Power Press Pub. Date :2008-08. The book is divided into thirteen chapters. the main content including the circuit model and the basic laws. resistive circuits and circuit analysis theorems. linear time-invariant dynamic circuit analysis. sinusoidal AC circuit and phasor method. three-phase circuit with mutual inductance of the circuit. the circuit and the non-sinusoidal periodic signal spectrum. Laplace transform calculation method. Book for the general higher education. Eleventh Five-Year Plan materials. The book is divided into thirteen chapters. including the main circuit model and the basic law. the resistance of the circuit analysis and circuit theorems. linear time-invariant dynamic circuit analysis. sinusoidal AC circuit and phasor method. three-phase circuit with mutual inductance of the circuit. non- sinusoidal circuit and the signal spectrum. the Laplace transform calculations. the matrix of linear time-invariant network analysis. state variable analysis and equation of state. two-port network. multiport components. nonlinear circuits. In order to facilitate teaching. each chapter are accompanied by exercises and exercises in the book with the answer. This book can be used as ordinary institutions of higher learning related to the professional circuit (low hours) course materials. but also as a vocational and correspondence materials. and related engineering and technical personnel as a reference book. Contents: Preface Chapter circuit model and circuit model of the basic law of Section II and its main physical ideal circuit components. Section III two power supply connections and the resistance of the star delta connection of the equivalent transformation V Kirchhoff's law of wave functions of several typical VI Chapter resistance exercise circuit analysis and circuit theorems Section second branch current law Four Satisfaction guaranteed, or money back.
