Createspace Independent Publishing Platform, 2018. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Anyone who is seriously thinking about investing in altcoins will want to give serious consideration to Litecoin. Bitcoin s baby brother, Litecoin is slowly emerging out of his brother s shadow and making a name for himself. Every day more and more people have developed a powerful interest in cryptocurrencies, but it has also been a discouragement to them. They have missed the boat with Bitcoin, and Ethereum s prices are quickly rising out of reach. Many are now turning their attention to coins like Litecoin, where they can get in on the ground floor of something exciting. Still, you need to know exactly what to expect when you enter a market filled with all sorts of pitfalls and dangers; what to expect when you have to deal with the volatility of the prices and the fast pace at which it moves. Through the pages of this book you will learn: -What Litecoin is and a little of its background -What you need to get started investing -Simple strategies for trading and investing -How to manage your risk -How to start mining Litecoin -How to pick a good wallet and exchange If you re seriously interested in how to get started in one of the most profitable markets in history and make a living, your education starts here. By the time you finish reading this short book, you ll know enough to get started and make your first steps into the world of Litecoin.
