

## Adrenal and Endocrine Tumors in Children

By Humphrey, G. Bennett / Humphrey, G. Bennett

Book Condition: New. Publisher/Verlag: Springer Netherlands | Adrenal Cortical Carcinoma and Multiple Endocrine Neoplasia | , Adrenal and Endocrine Tumors in Children is the third volume in the series, 'Cancer Treatment and Research' devoted to pediatric oncology. Like its predecessors, it is organized into two sections. The first section again deals with issues of basic research germane to the understanding of childhood malignancies. In volume 3, the scope of the first section has been broadened to include a review that is epidemiologically oriented and a second review that is psychologically oriented. In the second part, major pediatric oncology units in Japan, Australia, Europe and the Americas have been invited to report their experience with adrenal cortical carcinomas and the presentation of the multiple endocrine neoplasia syndromes in children. In addition to these institutional reports of case material, there are reviews on genetics, pathology, and a diagnostic evaluation of children. The overview chapter on adrenal cortical carcinoma includes recommendations for radiotherapy from Dr. D'Angio and for chemotherapy from Dr. Philip Schein. Individuals using these recommended therapies are encouraged to report their results to the editors. The information will then be made available to others on request. List of Contributors...
