KILLER ROULETTE: HOW TO BEAT THE UNBEATABLE

D&B Publishing. Paperback. Book Condition: new. BRAND NEW, Killer Roulette: How to Beat the Unbeatable, Carl Sampson, So, you thought that roulette could not be beaten? Well, you are not on your own because millions of people around the world share this view. However, roulette can be beaten and "Killer Roulette" will show you how. This book relates the tales of daring and imaginative roulette players who have taken the casino industry for vast sums of money down the years. Of course, if you are playing on a perfect roulette table and the dealers are conducting the game faultlessly then you cannot win. However, in the real world this is rarely the case. The game has numerous weaknesses and these have been mercilessly exposed and then exploited - not only by people on the inside but by everyday punters. In "Warriors of the Wheel", you will read about the man who took the casinos for an estimated \$50 million and many others just like him. The systems used by people to beat roulette are techniques that the gaming industry would rather you didn't know about. Much of the material in "Killer Roulette" has been kept under wraps over the years but there is also material here which will come as a shock even to hardened casino operatives.
