## STATISTICAL REASONING IN MEDICINE

Springer-Verlag Gmbh Aug 2006, 2006. Taschenbuch. Condition: Neu. Neuware - The 2nd Edition of this popular book emphasizes patient and community protection, illustrates the correct use of statistics in health care research for healthcare workers and adds considerable new and updated information. The new edition smooths the learning curve for health care researchers, further de-emphasizing mathematical and computational devices and bringing the principles of statistical reasoning into reach for the uninitiated. New figures, discussion and illustrations fortify each chapter. In...
