Reviews

Undoubtedly, this is the best function by any writer. This really is for those who statte there was not a really worth reading. Its been written in an exceptionally basic way which is merely right after i finished reading through this book by which really transformed me, change the way i really believe.

(Dr. Deonte Hammes DDS)

REPUBLIC.COM 2.0

Princeton University Press. Paperback. Book Condition: New. Paperback. 272 pages. Dimensions: 8.4in. x 5.4in. x 0.8in. What happens to democracy and free speech if people use the Internet to listen and speak only to the like-minded? What is the benefit of the Internet's unlimited choices if citizens narrowly filter the information they receive? Cass Sunstein first asked these questions in 2001's *Republic.com*. Now, in *Republic.com 2.0*, Sunstein thoroughly rethinks the critical relationship between democracy and the Internet in a world where partisan Weblogs have emerged as a significant political force. *Republic.com 2.0* highlights new research on how people are using the Internet, especially the blogosphere. Sunstein warns against information cocoons and echo chambers, wherein people avoid the news and opinions that they don't want to hear. He also demonstrates the need to regulate the innumerable choices made possible by technology. His proposed remedies and reforms emphasize what consumers and producers can do to help avoid the perils, and realize the promise, of the Internet. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
