THE DOCTORED MAN (PAPERBACK)

[DOWNLOAD](#)

Black Coat Press, United States, 2010. Paperback. Condition: New. Annotated edition. Language: English . Brand New Book ***** Print on Demand *****.Often hailed as the best French science fiction writer of the early 20th century, Maurice Renard coined the term Scientific Marvel Fiction to pen a series of gripping, ground-breaking stories that owe as much to Edgar Allan Poe as they do to H.-G. Wells. Until now, Renard was best known to the English-speaking public for his thrice-filmed thriller, *The Hands of Orlac*. *The Doctored Man*, a collection of 14 stories written between 1913 and 1939, features a man blinded during WWI who, through the grafting of electroscopic eyes, can see into other dimensions, the classic *The Man Who Wanted To Be Invisible* in which Renard exposes the scientific fallacy inherent in Wells famous novel, as well as other ground-breaking tales of time-travel, prehistoric wing-men, intangibility, robotic cars and interplanetary travel! This is the fourth in a series of five volumes, translated and annotated by Brian Stableford, devoted to presenting the classic works of this pioneering giant of French science fiction.
