Forgotten Books. Paperback. Condition: New. This item is printed on demand. 264 pages. Dimensions: 9.0in. x 6.0in. x 0.6in. Excerpt from Sketches of the Late Depression; Its Cause, Effect and Lessons: With a Synoptical Review of Leading Trades During the Past Decade Ordinarily, the writing up of prosaic commercial axioms histories requires little introduction; the work proceeds in a groove of its own, the phrases made common by usage, the customs in vogue among merchant, and the conditions surrounding trade situations tend to mate a compilation of this character mechanical, and create but small necessity for a preface. I have endeavoured however, to place some old but wholesome truths in as strong a light as is possible for me to reflect, and my object has been to emphasize their meaning and value. My belief that morality goes hand in hand with success in business, that extremely valuable lessons can be learned during a period of adversity - so well learned that they will never be forgotten in the flush of better years, - together with other points which it seems to me are seldom thoroughly considered, will be illustrated in the succeeding sketches, and, if my effort serves to remind merchants that there is a higher, yet accessible plane of action for the class to reach in their dealings with each other, - a line of business morale the which may cause fewer regrets when opportunities for reform become less frequent, I shall have attained the object which is paramount in writing this book.
