

Prespacetime Journal Volume 5 Issue 14: Catuskoti, Kepler Problem Black Hole Temperature

By Quantum Dream Inc

Createspace, United States, 2014. Paperback. Book Condition: New. 279 x 216 mm. Language: English . Brand New Book ***** Print on Demand *****.Prespacetime Journal (PSTJ, // is a publication in which physicists, mathematicians and other learned scholars publish their research results and express their views on the origin, nature and mechanism of spacetime and its possible connection to a prespacetime. It is also a journal where all learned scholars can present their models and experimental results on elemental particles, fundamental forces including gravity and related topics. This is PSTJ Volume 5 Issue 14 first published in December 2014. It is entitled Catuskoti, Kepler Problem Black Hole Temperature and contains following articles: (1) The Catuskoti; (2) Solution of the Kepler Problem in the Framework of Lorentz-invariant Gravitation Theory; and (3) On the Temperature of Black Hole.

Reviews

Extensive information! Its this sort of great read through. It is amongst the most incredible book i have go through. I realized this publication from my i and dad suggested this book to understand.

-- Prof. Devon Bernhard PhD

It becomes an amazing book which i actually have at any time study. It is actually loaded with wisdom and knowledge You wont sense monotony at at any time of your respective time (that's what catalogues are for regarding should you request me).

-- Rosina Schowalter V
