

Information Now: A Guide to Student Research

By C. Michael Hall

University Of Chicago Press. Paperback. Condition: New. 128 pages. Information literacy is generally defined as the ability to recognize situations in which information is needed and to find, evaluate, and effectively use relevant information from a variety of media. It is an essential skill set in all academic disciplines at all levels of education and also in professional and personal life. The recent dramatic changes in the technologies of creating, storing, and retrieving content have made information at once more accessible but also more difficult to critically evaluate, and universities have increasingly come to recognize that effective instruction in information literacy is essential to incoming students success in their academic careers and beyond. With that goal in mind, Matt Upson, C. Michael Hall, and Kevin Cannon have created a unique guide in graphic-novel format that instructs undergraduate students in the fundamental research skills that constitute information literacy that is both academically sound and wildly imaginative and engaging. Following the Association of College and University Libraries Information Literacy Competency Standards for Higher Education, the guide stresses skills such as determining the extent of information needed for a research project, accessing the needed information effectively and efficiently, evaluating information and sources critically,...
