## Visual Information Operations (FM 6-02.40) (Paperback)

By Department of the Army

Createspace Independent Publishing Platform, United States, 2012. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.This manual, Visual Information Operations, provides the visual information activities, roles, management and support from the operational through the tactical levels of war. This manual describes the capabilities and components of visual information assets and defines the organizational structure and responsibilities of visual information activities at each level. When applicable, the reader is referred to supporting publications for more detailed information. Visual Information is the use of one or more of the various visual media with or without sound. Generally, visual information includes still photography, motion picture photography, video or audio recording, graphic arts, visual aids, models, display, visual presentation services, and the support processes. The mission of VI activities and Soldiers is to acquire and provide the President, Office of the Secretary of Defense (OSD), Joint Staff (JS), military departments, and Army commanders with record documentation, multimedia/VI products, and services to satisfy official requirements. Security classification, operations security or subject sensitivity should not be used to prevent visual information documentation (VIDOC), since VI products can be classified at any level required. The official requirements, which VI Soldiers can provide...
