Createspace Independent Publishing Platform, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.PWN is back, and better than ever. The PWN the SAT Math Guide was created to help ambitious, highly motivated kids maximize their SAT math scores. Do you crave a higher score? Are you willing to do a little hard work to achieve it? Good. I knew I liked you. Read this book from beginning to end, with a pencil in hand and a calculator and an Official SAT Study Guide by your side. When you're done, you'll be able to approach the SAT with confidence-very few questions will surprise you, and even fewer will be able to withstand your withering attacks. Each chapter concludes with a reference list of similar questions from official practice tests. Practice questions are designated as either Calculator or No calculator. Students will be forbidden from using their calculators for one whole section of the new SAT. Emphasis is placed on nimbleness-the ability to approach problems in multiple ways to find the one that works best. Calculator solutions and shortcuts are provided where appropriate.
