Createspace Independent Publishing Platform, United States, 2017. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Theogony and Works and Days Hesiod Hesiod was a Greek poet generally thought by scholars to have been active between 750 and 650 BC, around the same time as Homer. He is generally regarded as the first written poet in the Western tradition to regard himself as an individual persona with an active role to play in his subject. Ancient authors credited Hesiod and Homer with establishing Greek religious customs. Modern scholars refer to him as a major source on Greek mythology, farming techniques, early economic thought (he is sometimes considered history's first economist), archaic Greek astronomy and ancient time-keeping. Works and Days The Works and Days is a didactic poem of some 800 lines written by the ancient Greek poet Hesiod around 700 BCE. At its center, the Works and Days is a farmer's almanac in which Hesiod instructs his brother Perses in the agricultural arts. Scholars have seen this work against a background of agrarian crisis in mainland Greece, which inspired a wave of colonial expeditions in search of new land. In the poem Hesiod also offers his brother extensive moralizing advice on how he should live his life. The Works and Days is perhaps best known for its two mythological aetiologies for the toil and pain that define the human condition: the story of Prometheus and Pandora, and the so-called Myth of Five Ages. The Theogony The Theogony, i.e. the genealogy or birth of the gods, is a poem by Hesiod (8th - 7th century BC) describing the origins and genealogies of the Greek gods, composed c. 700 BC. It is written in the Epic dialect of Homeric Greek.
