TRADING AS A BUSINESS: A KEY TO THE HOLY GRAIL

Createspace, United States, 2013. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.IF, the trader could only find that one special thing then their accounts could achieve amazing returns. Some call this special thing the holy grail, others say there is no such thing as the holy grail. Others say they have a special robot or indicator or system or methodology or pattern or a myriad of other things that although aren't the holy grail at least contain keys to the holy grail, and if only they could find the right combination of these special keys then their life would be set for themselves and for generations to come. Most traders or wannabe traders have purchased several dozen books, and have their computer monitor(s) filled with fancy lines, charts, graphs, vivid colors, flashing and beeping signals. In addition to periodicals, newspapers, website favorites, television news channels, mobile telephone apps, and a plethora of other doodads to keep them up to date and educated and informed as to their portfolio performance. Other traders who think they're serious, and want to impress their friends and family have the latest computers with multiple duplexed computer monitors with the absolute fastest processors and video cards and lightning fast internet connections. With the thought that one millisecond of delay will make them miss the boat on their whiz bang special key to the holy grail of promised and back tested trading riches. Well, if you are looking for another book that will help promote ANY of these above ideas, you definitely have the WRONG book in your hands right now. I have been down THAT path for over 20 years, and I am here to tell you right here, and right now, THAT...
