Createspace Independent Publishing Platform, 2018. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. From the PREFACE. THE present volume is devoted mainly to an investigation of the properties of the remarkable expressions which were first introduced to the notice of mathematicians by Legendre, and are now known as Laplace s Coefficients and Functions. Some account of these expressions is given in various works, but their importance in modern researches suggests the advantage of a more complete and systematic development of them than has hitherto appeared in England. The work now published will it is hoped be found sufficiently elementary for those who are commencing the subject, and at the same time adequate in extent to the wants of the advanced student. The book is composed of four parts. The first part consists of twelve Chapters, in which the expressions are considered as functions of only a single variable; in this form they were first introduced by Legendre, and it is convenient to denote them, thus restricted, by his name. The second part consists of eight Chapters, in which the expressions are considered as functions of two variables; this is the form in which they...
